The trusted energy solution that saves you time, hassle and money!

As a specialist broker working solely with block management companies and property agents, BMU is one of the UK's leading block utility management partners, providing effective outsourcing of the management of block communal energy supplies saving you time and your customers money.

"We were introduced to BMU in 2012 and have found their knowledge and expertise within this field invaluable. We have some extremely happy clients due to the tariff reductions that have been achieved."

HLM (formerly Countrywide Estate Management)
